Hailie Nene Foundation Newsletter

Introduction

Hailie Nene Foundation is a privately family owned company with its main objective being to help those less privileged. Established in 2013 in Durban - KwaZulu-Natal Province of South Africa, it has recently relocated to eMalahleni (Witbank) - Mpumalanga Province of South Africa.

The main focus for the foundation is to concentrate mainly on individuals but also works with groups.

As a self-funded initiative, the foundation has yet to make a major impact in the broader

The company

community. Partners are welcome. Our partners may include those willing to donate and those seeking donations. We strive to be open to all communities but also involved with religious communities. Our principle is based on the notion that even though we cannot help everybody, we believe that the few individuals we help will one day realize the broader impact of given. As a farmer would know, you may plant one seed of corn and get from it 100's.

Most Recent Projects

Our most recent project was in the month of November 2016. The project was in association with the Shamwari ECD Centre located at Klarinet Ext. 3 in eMalahleni.

The project was in a role of support in ensuring the graduating pre-scholars have the send of they deserve as they will be going to the "bigskul" in 2017.

The role we played was to generate, print and frame the graduation diplomas for the ECD. And we also donated personalized backpackers for the graduating pupils. The backpackers were accompanied by some basic stationery they would require at "bigskul" such as covers, plastic covers, pencils, etc. The event was beyond what anybody could have anticipated.

We as the foundation thank the Shamwari ECD Centre teachers and management for allowing us to be part of the great event.

To help directly, you can contact the Principal on 072 943 0958

Current Project

The currently planned project for January 2017, will involve the Back-to-School Project. With the help of ERI (PAS) Employees on their personal capacity, we have managed to acquire stationary to be donated to the needy.

The plan is to be involved with the Gateway International Church-Klarinet Back-to-School Project. The stationary will be donated to the church and the church will forward them to the needy.

Food parcels

March 2017

Sanitary pads for 100 girls

Thank You

We thank you for reading this article.

We hope that the little we do will motivate others to do the same.

Please stay tuned for the next issue in February
